

We celebrate having completed our very first term working with the children in the Atrium! Our time spent with two groups – Monday afternoon and Friday morning - has been such a joy, with the children growing in confidence and participating in such a prayerful way in the Liturgies, singing and prayer time.

The children have settled well into life at the Atrium. They are now comfortable working alone with the preliminary works of sorting, dry pouring, scooping, pasting, painting, snipping, stencil work and enjoy spending time with the practical life works of plant watering, flower arranging, leaf washing, and dusting.

The Kingdom Parables of the Mustard Seed and the Pearl of Great Price have shown us the amazing power of God in the tiniest of seeds and the willingness of the Merchant to give up everything he owned for the one thing that he valued above all things.

Spending time with the Cenacle work allowed us to ponder Jesus' time with His Disciples sharing in the Last Supper. The children were very aware that something very special was happening.

We look forward to growth in the future – in faith and in the growth of the number of children attending the Atrium.

Shannon and I wish to thank the children for their participation and, also, their families for their support and encouragement of the Catechesis for their children.

Wishing all a happy and holy Easter.

Angela Williams and Shannon Morrison
Atrium Co-ordinators

Atrium re-opens on Friday 16th May, 2014.
